

## ABOUT US

Originally constructed in 1828, The Blackburn Inn was envisioned and influenced by master builder and Thomas Jefferson's protégé, Thomas R. Blackburn. Blackburn – our namesake – was one of Jefferson's highly recruited apprentices, and he was dedicated to creating and imagining buildings that were committed to elegance. The Blackburn Inn is a unique renovation of a historic building that was formerly part of the Western State Hospital. The Inn exudes a distinctive and unmistakably American look – characterized by red brick, whitewashed wood trim, classical moldings, and dramatic, light-filled hallways. Blackburn consciously used architecture, design and landscape to create a distinctly welcoming environment to create a “powerful, positive influence”. In its renovated and restored state, The Blackburn Inn was designed to continue to inspire and awaken our guests.

**The Blackburn Inn is committed to sourcing local and proud to work side by side with other small businesses in and around Staunton.**

## OUR 1828 BREAD PUDDING

Bread pudding is considered a classic American dish. Born from the thriftiness of the English colonists who transformed leftovers into comforting custardy goodness.

We use a traditional recipe for bread pudding, that Virginians typically ate in the early 1800s, served with our one-of-a-kind rum sauce.
